Ramsond Elite 6500 uses a true 186FA (E), 11 HP, 418 cc engine. Many suppliers supply similar appearance generators (with misrepresented claims of output). However, a detailed inquiry quickly reveals that these other generators are equipped with a substandard and primitive 408cc (186F) engine, which produce only 9 HP.

Hello everyone. I would advise against anyone getting the Elite 6500 diesel generator for three reasons which I have had to deal with. As a licenced mechanic, I know my stuff and while I was dealing with the tech department, I had my facts and tests to back up any questions they asked me. First issue was the the fuel filter assembly was leaking within the first week I used the generator. The ...
