Judgment and Decision Making - Annenberg Learner

Judgment and Decision Making. By Max H. Bazerman. Harvard University. Humans are not perfect decision makers. Not only are we not perfect, but we depart from perfection or rationality in systematic and predictable ways. The understanding of these systematic and predictable departures is core to the field of judgment and decision making. By understanding these limitations, we can also identify strategies for making better and more effective decisions.

Judgment and Decision Making | Noba

Judgment and Decision Making is a refreshingly accessible text that explores the wide variety of ways people make judgments. It examines assessments of probability, frequency, and causation; as well as how decisions are rendered under conditions of risk and uncertainty.

Amazon.com: Judgment and Decision Making: Psychological ...

Judgment is an ability to make weighed and effective decisions, come to sensible conclusions, and form objective opinions. The popular Myers-Briggs test distinguishes judging as one of the components of C.G. Jung ' s behavioral theory, in addition to being an extrovert/introvert and using logic or feelings in the decision making process.
