The coronavirus vaccine developed in Britain by Oxford University and UK-Swedish pharmaceutical firm AstraZeneca has suffered several setbacks since its development, dampening hopes over its global role in ending the pandemic. Doubts have been heightened after South Africa suspended the start of its ...

After early hopes AstraZeneca-Oxford vaccine suffers setbacks

AstraZeneca and Oxford University's COVID-19 vaccine has similar efficacy against the British coronavirus variant as it does to the previously circulating variants, the university said on Friday. The variant, first identified in Kent, southern England, is more easily transmissible, prompting many countries to restrict travel to Britain. That lockdown came as Britain started rolling out the ...

Marie-Jean-Antoine-Nicolas de Caritat, Marquis de Condorcet (September 17, 1743–March 28, 1794) is most often referred to as one of the last philosophes or as an early champion of social science. [] An inspired proponent of human rights, Condorcet moved from his first achievements in mathematics into public service, with the aim of applying to social and political affairs a scientific model ...
