The Fall Of The Faculty

The Fall of the Faculty examines the fallout of rampant administrative blight that now plagues the nation's universities. In the past decade, universities have added layers of administrators and staffers to their payrolls every year even while laying off full-time faculty in increasing numbers--ostensibly because of budget cuts.

The Fall of the Faculty. Benjamin Ginsberg. Description. Until very recently, American universities were led mainly by their faculties, which viewed intellectual production and pedagogy as the core missions of higher education. Today, as Benjamin Ginsberg warns in this eye-opening, controversial book, "deanlets"--administrators and staffers often without serious academic backgrounds or experience--are setting the educational agenda.

The Fall of the Faculty - Paperback - Benjamin Ginsberg ...

"The Fall of the Faculty" was a fascinating read, because it combined a lot of useful statistics (50% increase in faculty/students vs. 85% increase in administration in the same time period; % of university money that comes from tuition vs. donations, etc.) with humorous/chilling anecdotes, and also with the author's self-aggrandizing swaggering and posturing over what a rebel he has been w/r/t his dealings with the administration.

Benjamin Ginsberg's *The Fall of the Faculty* provides a compelling and accurate diagnosis of the contemporary ills plaguing the rise of the all-administrative university. Ginsberg's analysis strongly resonates with my own experience at several different institutions (public and private) over the last ten years, as I have personally witnessed how administrators have used their positions of managerial oversight to advance their personal interests, essentially turning the university into a ...

The Fall of the Faculty: The Rise of the All-Administrative University and Why It Matters. As status-seeking managers multiply, they pervert the university's core mission, Alan Ryan laments. Benjamin Ginsberg is a very angry man, and with good reason. The university that he joined in the early 1970s, which was a place where decisions were largely made by academics in the interests of teaching and research, has become a place where decisions are made by administrators.
