One of the 6 sacred trees. Sacred trees (also known as spirit trees, big trees and tree of life.) are giant, pale, oak-like deciduous trees scattered across the southern part of the Peninsula. These trees cannot be cut down or blown up. A smaller tree with a charred appearance sits in the middle of the village closest to the plane crash may be a dead sacred tree.

Since Pulitzer Prize-winning journalist William Dietrich first published *The Final Forest* in 1992, logging in Forks has given way to tourism, but even with its new fame, Forks is still a home to loggers and others who make their living from the surrounding forests. The new edition recounts how forest policy and practices have changed since the early 1990s and also tells us what has happened in Forks and where the actors who were so important to the timber wars are now.

I have never visited this part of North America, and I found the controversy of the final forest to be incredibly fascinating. William Dietrich clearly did a lot of research for the writing of this book, and his presentation of the different parties involved and affected by this battle was wide-ranging and helped to paint a clearer “big” picture.
