Fifty years ago, the terms mourning and melancholia were part of the psychological lexicon. Today, in a world of rapid diagnoses, quick cures, and big pharmaceutical dollars, the catch-all concept of depression has evolved to take their place. In The New Black, Darian Leader argues that this shift is more than semantic; rather, it speaks to our culture ' s complicated relationship with loss, suffering, and grief.

The New Black | Graywolf Press

In The New Black, Darian Leader argues that this shift is more than semantic; rather, it speaks to our culture's complicated relationship with loss, suffering, and grief. Part memoir, part cultural analysis, Leader draws on examples from literature, art, cinema, and history, as well as case studies from his work as a psychologist, to explore the unconscious ways our culture responds to the experience of loss.
