While teachers are primarily concerned with the formal curriculum, students tend to remember most those lessons learned from informal encounters with teachers, principals and other students, which form part of the 'unwritten curriculum' of school life. The authors record the memorable experiences - some funny, some traumatic - of a group of people from college age to over 70.

As a quick refresher, the hidden curriculum is made up of the unwritten rules that people pick up through reading nonverbal social cues of those around them. Things like, "It might be OK to curse around your friends, but make sure that there are no adults within earshot." No one taught that, but we kind of picked it up along the way.
